

Sydnee Martin, Junior

Officer position desired: **Secretary**

I am interested in being secretary of our chapter of the National Honor Society. I believe I am an excellent candidate for the position on secretary because I have many qualities needed to be an exemplary leader. Some strengths I have include being able to excel in school and maintaining the GPA requirements for NHS while taking AP classes, all of the medical classes our school has to offer, participating in a varsity sport, marching band, and maintaining a job at Phoenix Theatres. I am also well respected by my peers from school, sports, and work, this will be a benefit in expanding and preserving this excellent group of MHS students. My two years being an NHS member has taught me a lot about responsibility and has made me help my community more, I have always turned in my NHS community service hours and dues on time and I have attended all the meetings and activities. Being in NHS has made me realize how great it is to volunteer and help out the community and to not only do services just because they are required. If I were to be elected the secretary of our chapter of the National Honor Society it would be truly honoring and I would look forward to assist in leading our chapter to meet our goals.

My goal while being in office is to encourage the fellow members and leaders of our chapter exceed the requirements of community service needed and organize more optional group service projects along with the required ones. Members of our chapter should enjoy being able to serve others without making it seem like a chore or another thing to add to their to-do list and motivate the group to be excellent members of our community. If elected, I will use my qualities as an excellent leader to our chapter of the National Honor Society. I believe that I am more than qualified to be our next secretary and I am a good example of the various qualities a leader contains and I hope to be the next secretary for our chapter.

Thank you for your consideration,

Sydnee Martin
