

Treasurer Letter of Interest

Hello, I am writing this in interest of becoming the NHS Treasurer next year. I believe I would be an outstanding choice for treasurer because I have experience dealing with money. I have helped run food court for my class as an officer, taking in, counting, analyzing, and depositing the money each time. I also have been on committees within student council where I was needed to deal with money, the latest case being decorations committee for Winterfest, where my committee and I had to buy decorations making sure we didn't buy too much or too little for the money that we had.

I have had many leadership opportunities during my experience here at Monroe High School. These include being a 4 year varsity soccer goalie, being the future Pep Club President, and being the chairperson of many different Student Council committees. I was also the VP of NJHS in middle school, so I do have adequate experience with the organization. The most important of these roles is being elected Treasurer of Student Council, as it has prepared me to run for this NHS office.

As treasurer, I would assure the NHS budget is used correctly and for the fulfillment of the pillars of the honor society. I would also make sure my fellow members pay their dues to ensure the society can continue to run on good terms.

Thank you for your consideration.

Respectfully submitted,

Gino Assenmacher
